EDUCATION

IIIT Bhubaneswar, Bachelor in Computer Engineering (B.Tech) 8.48 CGPA	2023 - 2027 Bhubaneswar, Odisha, India
S.V.M. , Keshabdharm ,Cuttack, Intermediate (+2 Science) 91%, CHSE	2020 - 2022 Cuttack, Odisha, India
S.S.V.M. , Padampur ,Bargarh, Matriculation (10th) 84%, CHSE	2019 - 2020 Padampur, Bargarh, Odisha

EXPERIENCE

Fullstack Developer at Code-X-Novas -

- Handled both frontend and backend development for client projects in a freelance developer team offering web and mobile solutions.
- Led end-to-end development—from planning and UI design to backend architecture and deployment—ensuring smooth delivery of high-quality applications.
- Built scalable, responsive web apps tailored to business needs, and collaborated closely with team members to meet client expectations and deadlines.

Full stack Developer

- Completed 5+ hands-on projects, handling both frontend and backend development.
- Developed RESTful APIs and CRUD operations using **Node.js, Express.js, MongoDB, and PostgreSQL**, integrating advanced technologies like Redis for caching, and WebSockets for building real-time, scalable systems.
- Designed and implemented engaging UIs with **React.js**, leveraging **CSS, Tailwind CSS, and Shadcn UI** for styling.
- Managed state effectively using **Redux Toolkit**, ensuring smooth application performance.

PROJECTS

NexNet – Social Media Platform (Instagram-like) [GitHub link](#)

- Built a scalable microservices-based social media app with 8 services (API Gateway, User, Mail, Post, Media, Search, Chat, Notification).
- Backend:** Developed 30+ RESTful APIs in **microservice** architecture using **Node.js, Express.js, MongoDB, PostgreSQL, Prisma, Redis, RabbitMQ, Kafka, ElasticSearch, Socket.IO, Docker Compose, and integrated Cloudinary** for media handling. Implemented authentication, posts, likes, comments/replies, follow/unfollow, profile editing, real-time chat & notifications.
- Frontend:** Created responsive UIs with **React.js, Tailwind CSS, shadcn/ui, Redux Toolkit, TanStack Query** delivering an Instagram-like UX.
- Implemented real-time messaging and notifications, advanced search with ElasticSearch, and efficient background task handling with RabbitMQ/Kafka. Achieved seamless integration of microservices with fault-tolerance and scalability in mind

E-Bharat: E-Commerce Website [Live link](#)

- Developed a dynamic e-commerce platform with **React.js** for the frontend and **Firebase** for the backend.
- Implemented separate Admin Dashboard for product and order management and User Dashboard for seamless shopping experiences.
- Integrated **Razorpay Payment Gateway** to facilitate secure and efficient online transactions.

ShriNivesh.com: Mutual Fund Advisory Web App [Live link](#)

- Developed a modern, responsive web app for a mutual fund distributor with detailed SIP plans, investment calculators, and live mutual fund data.
- Frontend:** Built with **React.js, Tailwind CSS, HTML, Redux Toolkit, and Framer Motion**.
- Implemented **dark/light mode**, glassmorphism UI, glowing effects, and smooth **animations**.
- Gained experience in advanced React styling, state management, and API integration.

SKILLS

- Languages:** C, C++, JavaScript, TypeScript, Java, SQL, CSS, HTML
- Databases:** MongoDB, PostgreSQL, MySQL, Redis
- Frameworks & Libraries:** React.js, Node.js, Express.js, Firebase, RabbitMQ, Kafka, ELK, Tailwind CSS, Shadcn UI
- Tools:** Git, GitHub, Docker, VS Code, Postman
